## Use of mobile phones and personal devices Policy

### Purpose

This policy provides direction to students, staff and families about managing mobile phones and other digital devices that students choose to bring to school. Digital devices include, but are not limited to, [smartwatches](#), [tablets](#) or [laptops that are not part of a separate Bring Your Own Device arrangement](#). This policy applies while students are at school, or attending an authorised school activity such as an excursion, during school hours.

### Mobile phone use for primary school students

The department's position is that primary aged students cannot use their mobile phones and personal devices at school during school hours. The department and the school recognise that there are legitimate reasons for students to bring a mobile phone or personal device to school. This may include:

- to ensure their safety while travelling
- so that parents can contact them outside of school hours.

During the school day students are not permitted to access or use their mobile phones or other personal devices. Students must switch off or mute their devices before storing them at the beginning of the school day. They will not be able to access their device until the end of the school day.

### Storage of personal devices

Students' personal devices will be securely stored at our front office. Students will sign devices in and out at the beginning and end of day.

If the student does not comply

Students will be reminded of procedure. If there is ongoing issues regarding storage of devices during school hours, parents will be contacted to help reinforce compliance. As per RPS school's Behaviour Support Policy. *Behaviours that disrupt learning or safety will always receive a response that considers the needs of the child with behaviours of concern and other people's rights to learning and safety.*
