

Term 1, End of Week 2 Roundup

The Reception and Year 1 students have all settled in well to school and their learning. It is great to see them participating and making improvements already.

We welcome **ALL** students back next Monday (Monday 14th February). Staff are all keen to have the students back in their classrooms for face-to-face learning.

Please remember that we are still trying to minimise extra people on site (as per Covid directions), however we encourage you to communicate in other ways. See Saw is the main communication tool for classrooms. Skoolbag is the main communication for whole school.

We thank everyone (staff, parents and students) for their work with online / remote learning, and the challenges that everyone faced with this.

Parent Teacher Interviews - Due to the effects of Covid and the hybrid start to the term, we have decided to postpone Parent Teacher Interviews to weeks 7 and 8 of this term. More information will be distributed closer to the date.
