2023 Term 2, End of Week 7 Roundup

Pupil Free Day – Tuesday 13th June

All of our staff were engaged in a day of professional development on Tuesday. We continued our work with the Primary Maths Association, working with Lisa-Jane O'Connor. We also started looking at our maths resources, to ensure we have all the equipment needed for engaging students in their learning. Primary and specialist staff investigated a program called Vivi, to see the benefits it may have when using technology with students. We appreciate the time to undertake training on Pupil Free Days to improve our knowledge, teaching and programs we give to the students for enhanced and improved learning.

Competitions

Both the ICAS and AMC competition information has been posted on Audiri for Years 3 – 6. Please access this information if you are interested in your child / children participating.

Governing Council

The next Governing Council is on Monday at 6:30pm.

Soccer Clinics

After school soccer clinics started for the Junior Primary students on Wednesday after school. It was great to see such a high level of involvement and enthusiasm.

Chess

We have a number of classes who are learning chess on Mondays, as well as continuing our lunchtime activity. We also now have 2 teams competing in a tournament on Friday afternoons at Fulham North. It is wonderful to see so many students getting involved and developing their skills.
